perfect frameless look

Mirage Screen

The CLASSIC Mirage gives you an almost identical look to that of a frameless screen without the high price tag.

Constructed with glass to glass corners (no frame), 6mm toughened glass with minimal border frame and a fully frameless door that opens both ways makes this screen suit even the tightest space. The Mirage gives you a sleek, open feel, adding a touch of luxury to any bathroom.

You can also upgrade to a Deluxe model which offers two infill panels either side of the door (as shown opposite).
