Civic offer a stunning alternative to traditional tiles that can be made to any size and virtually any colour imaginable. Not limited to the kitchen our glass splashbacks can be used in bathrooms, as feature walls and in commercial environments. You are truly only limited by your imagination.

Produced from 6mm 'clear' or 'starfire' toughened glass, our Splashbacks comply to Australian Standards and give you a flat seamless surface. No grout means they are easy to clean and there is nowhere for bacteria to hide.

You can take it to the next level of 'wow' factor and choose a 'metallic' or 'pearl' finish. Civic can create an individual design with your choice of personalised colours..

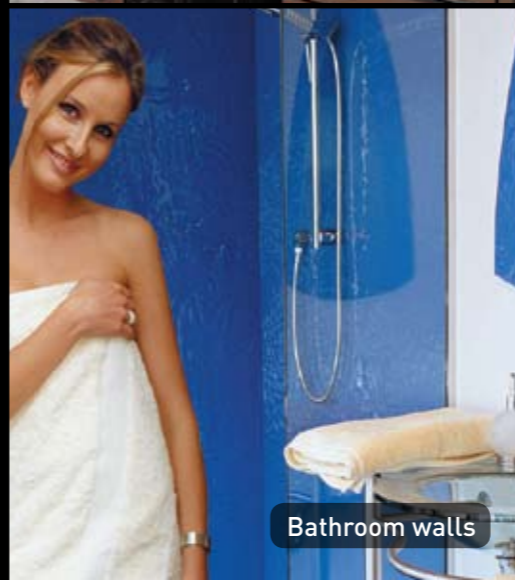

Whatever you desire at Civic we can create it for you.
